Financial Policy

Thank you for placing your trust in our office for your dental needs. Our goal is to provide quality dentistry in a professional, yet relaxed atmosphere. It is also important to us that we have clear communication about our fees and policies, and that we answer any questions you may have about the cost of your treatment.

We do our best to be sure you have a financial estimate before you have any treatment done, as well as any co-pay (for those that have dental insurance) that you may have. If you come in and require unexpected treatment, you are welcome to ask us to provide you with an estimate **before** treatment is performed. Ultimately, if you are unclear, please ask, so there are no surprises! We do not want the financial aspect of dentistry to be a barrier between us. We are happy to discuss and clarify any questions you may have.

Payment for services is expected at the time of service, including any estimated co-pays (if you have dental insurance). We accept all major credit cards, or we do offer a 5% discount if you are paying with cash or check at the time of service.

By signing below, you acknowledge and agree to our financial policy.
